We also held the TCG "Kartu Haikyu!!" trail event. It attracted lots of visitors' interests. In fact, our booth always had people lining up throughout the event. Various type of

Of course, not only new players that wanted to try the game, there were also some players that tried the games on last event and came again because they liked it very much and wanted to play it once again. When we interviewed one of the players for her reason to try this card game, she explained to us that not the game itself was quite simple, but playing with her favorite character made her much more excited. The other player told us "It seemed like I was playing volleyball on the table". The visitors who tried Kartu Haikyu!! on "Comic Frontier 12" event received a ticket to do lottery which had post cards and mini figures of Haikyu!! as prizes.
