## **"Zeavola Resort" a luxury resort in Thailand owned and operated by our group, won 3 consecutive awards**

We are pleased to announce that "Zebora Resort", a luxury resort located in Phi Phi Island in Thailand and owned and operated by our group, has received 3 consecutive awards in Thailand and abroad and has been covered by many media.

On November 4, 2019, Zeavola Resort won the "Best Hotel 2019" at the 2019 Responsible Thailand Award sponsored by the Tourism Authority of Thailand (TAT) and Wonderlast Magazine. The award was announced at the World Travel Market in London, and Wattana Watjanakomul, the UK representative of the Zeavola Resort, attended the award ceremony.

On October 19, Zeavola won the Best Eco-Friendly Resort in Thailand and Best Honeymoon Hideaway Resort in Thailand awards at the Haute Grandeur Global Awards. The award ceremony held in Kuala Lumpur was attended by Florian Hallermann, General Manager of Zeavola Resort, and Tatsuya Konoshita, CEO and President of our company.

Located in a resort area in the northern part of Phi Phi Island off the coast of Phuket, a famous tourist destination in Thailand, Zevora Resort has the largest private beach in the area and is highly regarded by wealthy people in Europe, Australia and other countries as an ecological natural resort that strives to protect the natural environment through water resource recycling facilities and other means. In recent years, weddings held at resorts have also become popular, attracting couples from around the world, and were recognized for their award.
